HARROGATE NEIGHBOURS HOUSING ASSOCIATION

Title: Safeguarding Policy

Policy: HN-CM-1

Purpose

To protect the 'Client' is the right to live in safety, free from abuse and neglect. To set out the key arrangements and systems Harrogate Neighbours have in place for safeguarding and promoting the welfare of adults at risk, in conjunction with local policies and procedures, refer to have a clear, well-publicised policy of zero-tolerance of abuse within Harrogate Neighbours. To meet the legal requirements of the regulated activities that Harrogate Neighbours is registered to provide:

- Protection of Freedoms Act 2012 (Disclosure and Barring Service Transfer of Functions)
 Order 2012
- Serious Crime Act 2015 Section 76
- Domestic Violence, Crime and Victims Act 2004
- The Counter Terrorism and Security Act 2015
- The Modern Slavery Act 2015
- Anti-social Behavior, Crime and Policing Act 2014
- The Criminal Justice and Courts Act 2015 Section 20-25
- Public Interest Disclosure Act 1998
- The Care Act 2014
- Care Quality Commission (Registration) Regulations 2009
- Equality Act 2010
- The Health and Social Care Act 2008 (Regulated Activities) (Amendment) Regulations 2015
- Human Rights Act 1998
- Mental Capacity Act 2005
- Safeguarding Vulnerable Groups Act 2006

HNHA Responsibilities:

To ensure that all staff working for, or on behalf of Harrogate Neighbours understand their responsibilities in relation to safeguarding adults at risk and know who to raise concerns to within Harrogate Neighbours. To manage the safety and well-being of adults in line with the six principles of safeguarding. To identify lessons and to learn from cases where adults have experienced abuse or neglect.

Harrogate Neighbours aims to support and empower each adult to make choices, to have control over how they want to live their own lives, and to prevent abuse and neglect occurring in the future which is a key underpinning principle of Making Safeguarding Personal (MSP) Harrogate Neighbours intends to take this approach with all safeguarding concerns.

1. Scope

The following people and/or groups may be affected by this policy:

- All HNHA Staff
- All HNHA Clients

- North Yorkshire County Council
- Care Quality Commission
- External Health Professionals & Advocates

2. Policy

Everybody has the right to live a life that is free from harm and abuse Harrogate Neighbours recognises that safeguarding adults at risk of abuse or neglect is everybody's business.

Harrogate Neighbours aims to ensure that all adults at risk of abuse or neglect can live and work, be cared for and receive support in an environment free from abuse, harassment, violence, or aggression. The organisation's safeguarding policies and procedures will dovetail with the local multi-agency policy and procedures, which we understand to take precedence over the organisation's policy and procedures.

Harrogate Neighbours will ensure that local policies and procedures will reflect within our own policy and procedure and that all staff will be made aware of this.

We aim to provide services that will be appropriate to the adult at risk and not discriminate because of disability, age, gender, sexual orientation, race, religion, culture, or lifestyle. We will make every effort to enable 'clients' to express their wishes and make their own decisions to the best of their ability, recognising that such self-determination may well involve risk.

We will work with clients and others involved in their care, to ensure they receive the support and protection they may require; that they are listened to, treated with respect (including their property, possessions and personal information) and that this is always with compassion and dignity.

Harrogate Neighbours will follow the six principles as set out in guidance to the Care Act 2014 and this will inform practice with all 'client's':

- Empowerment People being supported and encouraged to make their own decisions and informed consent.
- Prevention It is better to take action before harm occurs.
- Proportionality The least intrusive response appropriate to the risk presented.
- Protection Support and representation for those in greatest need
- Partnership Local solutions through services working with their communities.
 Communities have a part to play in preventing, detecting and reporting neglect and abuse.
- Accountability Accountability and transparency in delivering safeguarding.

Harrogate Neighbours understands the importance of working collaboratively to ensure that:

- The needs and interests of adults at risk are always respected and upheld.
- The human rights of adults at risk are respected and upheld.
- A proportionate, timely, professional and ethical response is made to any adult at risk who may be experiencing abuse.
- All decisions and actions are taken in line with the Mental Capacity Act 2005
- Each adult at risk maintains:
- Choice and control
- Safety
- Health

- Quality of life
- Dignity and respect

Our robust governance processes will make sure that staff working for and on behalf of Harrogate Neighbours recognise and respond to the main forms of abuse which are set out in the Care Act 2014 Statutory Guidance Chapter 14, which is not an exhaustive list but an illustration as to the sort of behavior that could give rise to a safeguarding concern:

- Physical abuse
- Domestic violence
- Sexual abuse
- Psychological abuse
- Financial or material abuse
- Modern slavery
- Discriminatory abuse
- Organisational abuse
- · Neglect and acts of omission.
- Self-neglect

Harrogate Neighbours is committed to the principles of 'Making Safeguarding Personal' and aims to ensure that safeguarding is person-led and focused on the outcomes that 'client's want to achieve. We will engage clients in a conversation about how best to respond to their safeguarding situation in a timely way that enhances involvement, choice and control as well as improving quality of life, well-being and safety.

2. Registered Manager's Responsibilities

To establish the facts about the circumstances giving rise for concern. To identify sources and level of risk. To ensure information is recorded and that the North Yorkshire County Council Adult Safeguarding Team is contacted to inform them of the concern or harm, if a client is at immediate risk of harm, the manager will contact the Police. The CQC will also be informed. In all cases of alleged harm, there will be early consultation between The Registered Manager, CEO, North Yorkshire County Council and the Police to determine whether a joint investigation is required. We understand that it may also be necessary to advise the relevant Power of Attorney if there is one appointed. In dealing with incidents of potential harm, people have rights which must be respected, and which may need to be balanced against each other. The wishes of the person harmed will be taken into account whenever possible. This may result in no legal action.

- Documentation of any incidents of harm in the client's' file and using body maps to record any injuries.
- Follow local policy guidelines where applicable.
- Report any incidents of abuse to the relevant parties.
- Work with multi-agencies
- Advise and support staff.
- Ensure staff are trained to enhance knowledge.
- Actively promote the "Whistleblowing" policies

3. The Care Worker's Responsibilities

- To be able to recognise and report incidences of harm
- To report concerns of harm or poor practice that may lead to harm.
- To remain up to date with training

- To follow the policy and procedures
- To know how and when to use the Whistleblowing procedures.
- To understand the Mental Capacity Act and how to apply it in practice.

4. General Principles

We will have robust recruiting and safer staffing policies in place to make sure that our staff are fit to work with adults at risk and are compliant with national safe recruitment and employment practices, including the requirements of the Disclosure and Barring Service. safeguarding lead will be in place that is responsible for embedding safeguarding practices and improving practice in line with national and local development. Any staff member who knows or believes that harm is occurring will report it to their line manager as quickly as possible, or if they feel they cannot follow the regular reporting procedure, they should use the Whistleblowing process.

Harrogate Neighbours will work collaboratively with other agencies, including liaison in relation to the investigation of allegations and will ensure its procedures dovetail with local multi-agency procedures. Harrogate Neighbours will use incident reporting, root cause analysis, lessons learned and auditing to determine themes to improve care practice. We will have a learning and development strategy, which specifically addresses adult safeguarding. We will provide training on the identification and reporting of harm, as well as training on the required standards in relation to procedures and processes should something need to be reported. Harrogate Neighbours - recognizes our responsibilities in confidentiality and will share information appropriately.

We will have a zero tolerance on harm. We will work in partnership with other agencies to ensure that concerns or allegations of abuse are appropriately referred for investigation to the We will ensure that any action that is taken is assessed, most appropriate agency. proportionate, and reflective of risk presented to the people who use the services. We will report any incidents in line with our regulatory requirements. Harrogate Neighbours employees will adhere to the Code of Conduct for Care Workers. There is a clear, well publicised Whistleblowing policy and procedure in place that staff know how to use.

5. Prevention - Providing Information to Support Clients

Harrogate Neighbours will support 'Client's' by providing accessible, easy to understand information on what abuse is and what signs to look out for. This will include 'client's' rights on how to get help and support if they need it through the Care Plan process. We will comply with the Accessible Information Standards. All clients will receive a copy of the Service User's Handbook and have access to the Complaints Policy and Procedure and be given information on how to escalate any concerns to the Commissioner, the Regulator, advocacy or Local Government and Social Care Ombudsman should they not be satisfied with the approach taken by Harrogate Neighbours.

6. Prevention - Raising Awareness

Staff will need to be trained and understand the different patterns and behaviors of abuse as detailed in the Care Act Chapter 14 and Harrogate Neighbours will ensure that they are able to respond appropriately. Harrogate Neighbours will ensure all staff are trained on the Whistleblowing Policy and Procedure.

7. Responding to Disclosure, Suspicion or Witnessing of Abuse

Where an adult at risk discloses or discusses potential abuse or harm the staff member should be able to, recognise. Identify that the adult at risk may be describing abuse, even when they may not be explicit. Respond: Stay calm, listen and show empathy, reassure them that it will be taken seriously and explain that there is a duty to report the issues internally and what may happen next. Record: Write up notes of the conversation clearly and factually as soon as possible. Report in a timely manner to the appropriate people and organisations.

8. Responding to a Disclosure Remember, you are not investigating, do:

- Stay calm and try not to show shock.
- Listen very carefully.
- · Be sympathetic.
- Be aware of the possibility that medical evidence might be needed Tell the person that:
- They did a good/the right thing in telling you.
- You are treating the information seriously.
- It was not their fault.

Explain that you must tell your line manager, and, with their consent, your manager will contact the Local Authority Safeguarding Adults Team and/or the Police. Harrogate Neighbours will in specific circumstances, need to contact North Yorkshire County Council Adult Safeguarding Team, without their consent but their wishes made clear throughout. If a referral is made but the adult at risk is reluctant to continue with an investigation, record this and bring this to the attention of the North Yorkshire County Council Safeguarding Adults Team. This will enable a discussion on how best to support and protect the adult at risk. However, a professional case discussion will still need to take place and will be recorded appropriately.

9. Responding to Abuse or Neglect - What to do

Harrogate Neighbours should ensure that staff: Address any immediate safety and protection needs. Make an immediate evaluation of the risk and take steps to ensure that the adult is in no immediate danger. Where appropriate, call 999 for the emergency services if there is a medical emergency, other danger to life or risk of imminent injury, or if a crime is in progress. Where a crime is suspected of being committed, leave things as they are wherever possible. Summon urgent medical assistance from the GP or other primary healthcare service if there is a concern about the adult's need for medical assistance or advice. Care Workers can call the NHS 111 service for urgent medical help or advice when the situation is not life threatening. The adult may feel frightened, so the Care Worker should ascertain whether they want the Care Worker to arrange for someone they feel comfortable with to stay with them. Harrogate should consider if there are other adults or children with care & support needs who are at risk of harm and take appropriate steps to protect them. The Care Worker should consider supporting and encouraging the adult to contact the Police if a crime has been or may have been committed. The Care Worker should contact their line manager as soon as possible to inform them of the incident or concern. The registered manager should be informed as soon Decision-Making Pre-Referral to the North Yorkshire County Council Adult as possible. Safeguarding Team

The registered manger or the Safeguarding Lead will usually lead on decision-making. Where such support is unavailable, consultation with another more senior staff should take place. In the event that these are unavailable, seeking the advice of North Yorkshire County Council to be considered. Staff should also take action without the immediate authority of a line manager. If discussion with the manager would involve delay in an apparently high-risk situation. If the person has raised concerns with their manager and they have not taken appropriate action (whistleblowing). Harrogate Neighbours should ensure that staff are aware of local reporting procedures and timescales for raising adult safeguarding concerns.

10. Referral to the North Yorkshire County Council Adult Safeguarding Team

 Harrogate Neighbours should ensure that North Yorkshire County Council Safeguarding Adult referral process is followed and should collate the following information to assist with the referral.

- Details of the safeguarding.
- Care plan
- All daily records
- Medication record
- NOK details.
- Body maps.
- Photos
- The referral process should be clearly visible with contact numbers, including out-of-hours, where staff can access the information.
- The referral information will also be required for some of the CQC notification of abuse documentation. Harrogate Neighbours should use any up-to-date Care Plan information where possible and have the following information available where possible. Demographic and contact details for the adult at risk, the person who raised the concern and for any other relevant individual, specifically carers' and next of kin. Basic facts, focusing on whether or not the person has care and support needs including communication and ongoing health needs.
- Factual details of what the concern is about; what, when, who, where?
- Immediate risks and action taken to address risk.
- Preferred method of communication
- If reported as a crime, details of which police station/officer, crime reference number, etc.
- Whether the adult at risk has any cognitive impairment which may impede their ability to protect themselves
- Any information on the person alleged to have caused harm.
- Wishes and views of the adult at risk, in particular consent.
- Advocacy involvement (includes family/friends)
- Information from other relevant organisation's for example, the CQC
- Any recent history (if known) about previous concerns of a similar nature or concerns raised about the same person, or someone within the same household.
- Names of any staff involved.

11. Documenting a Disclosure

Harrogate Neighbours must ensure that staff:

- Make a note of what the person actually said, using his or her own words and phrases.
- Describe the circumstance in which the disclosure came about.
- Note the setting and anyone else who was there at the time.
- When there are cuts, bruises or other marks on the skin use a body map to indicate their location, noting the colour of any bruising.
- Make sure the information the Care Worker writes is factual.
- Use a pen with black ink so that the report can be photocopied.
- Try to keep your writing clear.
- Sign and date the report, noting the time and location.
- Be aware that the report may be needed later as part of a legal action or disciplinary procedure.

12. Informing Relevant Inspectorate

By law, Harrogate Neighbours must notify the Care Quality Commission without delay, incidents of abuse and allegations of abuse, as well as any incident which is reported to or investigated by the Police. Harrogate Neighbours must notify the CQC about abuse or alleged abuse

involving a person(s) using the service, whether the person(s) is/are the victim(s), the abuser(s), or both and Harrogate Neighbours must also alert the relevant local safeguarding authority when notification has been made to the CQC about abuse or alleged abuse, the forms are available on the CQC website. If a concern is received via the whistleblowing procedure Harrogate Neighbours must inform the North Yorkshire County Council Safeguarding Team and the CQC

13. Strategy Meeting / Case Conference

Following the investigation or at any time during the process, a case conference with all relevant agencies may be called to make decisions about future action to address the needs of the individual. Any agency involved in the case may ask for a case conference to be held but the final decision to hold a conference is with the North Yorkshire County Council Safeguarding Adults Team Manager. Harrogate Neighbours should ensure that they attend this meeting when invited and that all relevant information about the incident is available. A timeline of events is a useful document to prepare in complex cases.

14. Involve the Client Concerned Throughout the Process

The process of the enquiry should be explained to the 'Client' in a way they will understand and their consent to proceed with the enquiry obtained, if possible, arrangements to be made to have a relative, friend or independent advocate present if the person so desires. The relative, friend or independent advocate should not be a person suspected of being in any way involved or implicated in the abuse. A review of a 'client's' Care Plan should be undertaken to ensure individualised support following the incident. The individual should be supported by the service to take part in the safeguarding process to the extent to which they wish, or are able to, having regard to their decisions and opinions, and they should be kept informed of progress.

15. Desired Outcomes Identified by the Adult

The desired outcome by the adult at risk should be clarified and confirmed at the end of the conversation(s), to:

- Ensure that the outcome is achievable.
- Manage any expectations that the adult at risk may have.
- · Give focus to the enquiry.
- Staff should support adults at risk to think in terms of realistic outcomes but should not
 restrict or unduly influence the outcome that the adult would like. Outcomes should make
 a difference to risk, and at the same time satisfy the person's desire for justice and
 enhance their well-being.
- The adult's views wishes, and desired outcomes may change throughout the course of the enquiry process.
- There should be an on-going dialogue and conversation with the adult to ensure their views and wishes are gained as the process continues, and enquiries re-planned should the adult change their views.
- The Client should be informed of the outcome of any investigation, but guidance should be sought from the Local Authority Adult Safeguarding Team before any outcome is shared.

16. Disclosure and Barring Service (DBS) Referral

There is a statutory requirement for providers of care to refer workers to the DBS for inclusion on the DBS Vetting and Barring scheme list if they consider that the person is guilty of misconduct such that a vulnerable adult was harmed or placed at risk of harm. This requirement covers both existing employees and those who leave their employment, and whose conduct should come to light at a later date.

17. Consent

When reporting information that directly concerns the safety of an adult at risk of harm, consent from the Client is not required. However, informing the 'Client 'of your concerns and your referral is good practice unless it would put you or your colleagues at risk or it would put the adult at further risk. When reporting to a local authority allegation or concerns about an adult at risk of harm, the Local Authority must be informed whether the Client is aware of the report. In reporting all suspected or confirmed cases of harm, an employee has a responsibility to act in the best interest of the 'Client' but still operate within the relevant legislation and the parameters of the codes and standards of their practice.

18. Confidentiality and Information Sharing

In seeking to share, information for the purposes of protecting adults at risk is committed to the following principles. Personal information will be shared in a manner that is compliant with our statutory responsibilities. Adults at risk to be fully informed about information that is recorded about them and as a rule be asked for their permission before information about them is shared with colleagues or another agency. However, there may be justifications to override this principle if the adult or others are at risk. Staff will receive appropriate training on 'Client' confidentiality and secure data sharing. The principles of confidentiality designed to protect the management interests of Harrogate Neighbours must never be allowed to conflict with those designed to promote the interests of the adult at risk. Staff will follow the policy on Data Protection and Confidentiality and comply with the Caldicott principles.

19. Pressure Ulcers

Pressure ulcers are costly in terms of both 'Client' suffering and the use of resources. If the pressure ulcer is believed to have been caused by neglect, it should be reported as an adult safeguarding concern whether the pressure ulcer was acquired in a hospital, care setting or the 'Client's' own home. Harrogate Neighbours should ensure staff read and follow Safeguarding Adults Protocol Pressure Ulcers and the interface with a Safeguarding Enquiry, seeking advice and further guidance where required. Where clients are new to the service, any pressure sores must be documented on a body map and reported in line with safeguarding procedures. Treatment should also be sought from the GP.

20. Medication Errors

Harrogate Neighbours employees should follow local safeguarding reporting procedures for medication errors and ensure that notifications to be made to the CQC in line with statutory requirements Harrogate Neighbours will have an open and transparent approach to medication incidents and ensure that staff follow the organisation's Medication Errors and Near Misses Report and understand their Duty of Candour responsibilities.

21. Abuse of Trust

A relationship of trust is one in which one person is in a position of power or influence over the other person because of their work or the nature of their activity. Where the person who is alleged to have caused the abuse or neglect has a relationship of trust with the adult at risk because they are; a member of staff, a paid employee, a paid carer, a volunteer or a manager should invoke disciplinary procedures for employed staff as well as taking action in line with this policy. Harrogate Neighbours should ensure a referral is made to the Disclosure and Barring Service if an employee is found to have caused harm to an individual

If the person who is alleged to have caused the harm is a member of a recognised professional group, Harrogate Neighbours should act under the relevant code of conduct for the profession as well as taking action under this policy.

Where the person alleged to have caused the harm or neglect is a volunteer or a member of a community group Harrogate Neighbours should work with adult social services to support any

action under this policy. Where the person alleged to have caused the harm is a member of the public, a stranger or a person who deliberately targets vulnerable people, in many cases the policy and procedures will be used to ensure that the adult at risk receives the services and support that they may need. In all cases, issues of consent, confidentiality and information sharing should be considered.

22. Allegations against Relatives or Friends

There is a clear difference between unintentional harm caused inadvertently by a relative or friend and a deliberate act of either harm or omission, in which case the same principles and responsibilities for reporting to the police apply. In cases where unintentional harm has occurred, this may be due to lack of knowledge or because the relative's own physical or mental needs make them unable to care adequately for the adult at risk. The relative may also be an adult at risk. In this situation the aim is to protect the adult from harm, work to support the relative to provide support and to help make changes in their behavior in order to decrease the risk of further harm to the person they are caring for. A carer's assessment should take into account a number of factors and a referral to the Local Authority to be made as part of the safeguarding process.

23. Whistleblowing

Whistleblowing is an important aspect of the support and protection of adults at risk of harm where staff are encouraged to share genuine concerns about a colleague's behavior. Their behavior may not be related to an adult at risk, but they may not be following the code of conduct or could be pushing boundaries beyond normal limits or displaying conduct, which is a breach of the law, conduct, which compromises health and safety, or conduct which falls below established standards of practice with adults at risk. Harrogate Neighbours has clear Whistleblowing polices and processes in place which staff are frequently reminded about, and they must be familiar with and understand how to escalate and report concerns.

24. Abuse by another Adult at Risk

We recognise that we may also have responsibilities towards the person causing the harm, and certainly will have if they are both in a care setting or have contact because they attend the same place (for example, a day centre). The person causing the harm may himself or herself be eligible to receive an assessment. In this situation, it is important that the needs of the adult at risk, who is the alleged victim, be addressed separately from the needs of the person causing the harm. It will be necessary to reassess the adult allegedly causing the harm.

25. Exploitation by Radicalisers Who Promote Violence

Individuals may be susceptible to exploitation into violent extremism by radicalisers. Staff expected to follow the Radicalisation Policy and Procedure in place at Harrogate Neighbours.

26. Self-Neglect and Refusal of Care

Harrogate Neighbours ensure that staff understand the importance of delivering care as detailed in the Care Plan. Where a 'Client' refuses care this should always be documented. Where refusal occurs, repeatedly Harrogate Neighbours should escalate it as a safeguarding concern and a request for a review of the 'Client's' care should be instigated.

27. Self-Funding Clients

People who fund their own care arrangements are legally entitled to receive support if subject to abuse or neglect in exactly the same way as those supported or funded by the Local Authority. They are also entitled to the protections of the Deprivation of Liberty Safeguards process.

28. Risk Assessment and Management

Achieving a balance between the right of the individual to control their care package and ensuring adequate protections are in place to safeguard well-being is a very challenging task. The assessment of the risk of abuse, neglect and exploitation of 'Client's' should be integral in all assessment and planning processes. Assessment of risk is dynamic and ongoing, especially during the adult safeguarding process, and to be reviewed throughout so that adjustments can be made in response to changes in the levels and nature of risk.

29. Audit and Compliance

It is essential that the implementation of this policy and associated procedures is audited to ensure that Harrogate Neighbours is doing all it can to safeguard those people receiving its services. The audit of this policy will be completed through a systematic audit of:

- Recruitment procedures and Disclosure and Barring Checks
- Audits of incident reporting, frequency and severity
- Audit of training processes, including reviews of uptake of training and evaluations.
- The Senior Management Team as part of root and cause analysis with the following terms of reference will review safeguarding concerns and incidents:
- Review incident themes
- Reports from the lead responsible for Safeguarding within Harrogate Neighbours
- Look in detail at specific cases to determine learning or organisational learning.
- Ensure implementation of the Safeguarding policy and procedure.

30. Training and Competencies

Harrogate Neighbours will ensure that staff receive training in recognising and responding to incidents. Allegations or concerns of abuse or harm as part of their induction programme, Harrogate Neighbours will ensure that it benchmarks training and competencies within Harrogate Neighbours. The framework outlined in Adult Safeguarding: Roles and Competencies for Healthcare Staff which we recognise applies to social care staff also and does not replace any local or contractual requirements but acts as a minimum benchmark.

31. Definitions

An enquiry is any action that is taken (or instigated) by a local authority, under Section 42 of the Care Act 2014, in response to indications of abuse or neglect in relation to an adult with care and support needs who is at risk and is unable to protect themselves because of those needs. An enquiry can also refer to similar action but not undertaken under Section 42. It should establish whether any action needs to be taken to prevent or stop abuse or neglect and if so, by whom.

32. A Person with Care and Support Needs

According to the Care Act 2014; an older person, a person with a physical disability, a learning difficulty or a sensory impairment, someone with mental health needs, including dementia or a personality disorder, a person with a long-term health condition, someone who misuses substances or alcohol to the extent that it affects their ability to manage day-to-day living.

33. Safeguarding

Safeguarding means protecting an adult's right to live in safety, without suffering abuse and or neglect. It is multi-agency in approach to prevent and stop both the risks and experience of abuse or neglect, whilst supporting the adult's well-being including their views, wishes, feelings and beliefs on the action to be taken where possible.

34. Investigation

Investigation is a process that focuses on gathering "good evidence" that can be used as a basis for the decision as to whether or not abuse has occurred. It must be a rigorous process and the evidence must be capable of withstanding scrutiny, as it may later be required for formal proceedings.

35. Referral

Referral is when information regarding a possible safeguarding incident is passed on to another person for his or her direction. In the case of this policy, from the Provider to the Adult Social Care Team, sometimes this may be referred to as 'reporting'.

36. Well-being

The Care Act 2014 defines well-being as: 'in relation to an individual, means that individual's well-being so far as relating to any of the following':

- Personal dignity (including treatment of the individual with respect)
- Physical and mental health and emotional well-being
- Protection from abuse and neglect
- Control by the individual over their day-to-day life (including over care and support provided to the individual and the way in which it is provided)
- · Participation in work, education, training or recreation
- Social and economic well-being
- Domestic, family and personal relationships
- Suitability of living accommodation
- The individual's contribution to society

37. Multi-agency

More than one agency coming together to work for a common purpose. This could include partners of the Local authority such as: NHS England CCGs, NHS trusts and NHS foundation trusts, Department for Work and Pensions, the police, prisons, probation services, and/or other agencies such as general practitioners, dentists, pharmacists, NHS hospitals, housing, health and care providers.

38. Caldicott Principles

The Caldicott Principles were developed in 1997 following a review of how patient information is protected and only used when it is appropriate to do so, since then, when deciding whether they needed to use information that would identify an individual, an organisation should use the Principles as a test. The Principles were extended to adult social care records in 2000. The Principles were revised in 2013.

39. Abuse

Abuse includes physical, sexual, emotional, psychological, financial, material, neglect, acts of omission, discriminatory and organisational abuse. The types and behaviors of abuse are documented in the Care Act Statutory Guidance Chapter 14

40. Adults at Risk

Adult at risk means adults who need community care services because of mental or other disability, age or illness, and who are, or may be unable to take care of themselves against significant harm or exploitation. The term replaces 'vulnerable adult'

41. Concern

A concern may be any worry about an adult who has, or appears to have care and support needs, who is subjected to, or may be at risk of abuse or neglect, and who may be unable to protect themselves from the abuse or neglect or risk of it.

- A concern may be raised by anyone, and can be:
- A direct or passive disclosure by the adult at risk
- A concern raised by staff, volunteers, others using the service, a carer or a member of the public
- An observation of the behavior of the adult at risk, of the behavior of another person(s) towards the adult at risk, or of one 'client' towards another
- Patterns of concerns or risks that emerge through reviews, audits and complaints or regulatory inspections or monitoring visits.

42. Making Safeguarding Personal

Making Safeguarding Personal is about person-centered and outcome-focused practice. It is how professionals are assured by adults at risk that they have made a difference to people by taking action on what matters to people and is personal and meaningful to them.

43. Modern Slavery

Modern Slavery encompasses slavery, human trafficking, forced labour and domestic servitude. Traffickers and slave masters use whatever means they have at their disposal to coerce, deceive and force individuals into a life of abuse, servitude and inhumane treatment.

44. Significant Harm

Significant harm is not only ill treatment (including sexual abuse and forms of ill treatment which are not physical), but also the impairment of, or an avoidable deterioration in, physical or mental health, and the impairment of physical, intellectual, emotional, social or behavioral development.

45. Enquiry Planning / Strategy Meeting

Enquiry Planning / Strategy Meeting or discussion is a multi-agency discussion between relevant organisations involved with the adult at risk to agree how to proceed with the referral. It can be face to face, by telephone or by email.

46. Honor-Based Violence

The terms 'honor crime', 'honor-based violence', and 'izzat' embrace a variety of crimes of violence (mainly but not exclusively against women), including physical abuse, sexual violence, abduction, forced marriage, imprisonment and murder where the person is being punished by their family or their community. They are punished for actually, or allegedly, 'undermining' what the family or community believes to be the correct code of behavior.

In transgressing this, the person shows that they have not been properly controlled to conform by their family and this is to the 'shame' or 'dishonor' of the family. 'Honor crime' may be considered by the perpetrator(s) as justified to protect or restore the 'honor' of a family.

47. Hate Crime

Hate (Mate) Crime - A disability hate crime is: "Any criminal offence which is perceived, by the victim or any other person, to be motivated by a hostility or prejudice based on a person's disability or perceived disability." Incidents can include:

- Physical attacks such as physical assault, damage to property, offensive graffiti and arson
- Threat of attack including offensive letters, abusive or obscene telephone calls, groups hanging around to intimidate, and unfounded, malicious complaints.
- Verbal abuse, insults or harassment taunting, offensive leaflets and posters, abusive gestures, dumping of rubbish outside homes or through letterboxes, and bullying at school or in the workplace.

48. Forced Marriage

The Anti-Social Behavior, Crime and Policing Act 2014 protects people from being forced to marry without their free and full consent as well as people who have already been forced to do so. We will ensure that staff are reminded of the one chance rule: i.e., our employees may only have one chance to speak to a potential victim of forced marriage and, therefore, only one chance to save a life. Forced marriage can involve physical, psychological, emotional, financial and sexual abuse including being held unlawfully captive, assaulted and raped. Law enforcement agencies will also be able to pursue perpetrators in other countries where a UK national is involved under powers defined in legislation.
